

Revised 9/8/09

Cumulative Exam Schedule – 2009-2010

If you need to begin the exam sequence in a Division whose schedule is not listed, then please contact the Division head.

If you wish to take an interdisciplinary exam in a Division whose schedule is not listed, then contact both the Division head and the examiner of interest, in consultation with your research advisor.

Analytical Chemistry Division – Tentative Schedule

Additional exam dates and their examiners will be provided shortly.

Day	Topic	Examiner
Sept. 19, 2009	TBD	Verbeck
Oct. 23, 2009	TBD	Golden
Nov. 20, 2009	TBD	Kelber
December 18	TBD	Chyan
Feb. 19, 2009	TBD	Verbeck
March XX, 2010	TBD	Chyan
April XX, 2010	TBD	Acree

Additional exam dates are forthcoming.

Inorganic Chemistry Division –

If you need to start the 6010 sequence in inorganic in Fall 2009, please contact Susan immediately. As well, contact Dr. Omary for the first inorganic exam.

Organic Chemistry Division – Tentative Schedule

If you need to start the 6010 sequence in organic in Fall 2009, please contact Susan immediately.

Physical Chemistry Division – Tentative Schedule

Specific exam dates during week will be dependent upon schedules of examiner and all students needing to take exam. Contact examiner at least one month prior to obtain examination information and to provide your schedule for the slated exam week.

Week	Topic	Examiner
Sept. 21-25, 2009	Kinetics and general pchem	P. Marshall

Oct. 19-23, 2009	Quantum mechanics	Wilson
Nov. 16-20, 2009	Statistical mechanics	Schwartz
Dec. 14-18, 2009	Spectroscopy	Cooke
Jan. 25-29, 2010	Kinetics and general pchem	P. Marshall
Feb. 22-26, 2010	Quantum mechanics	Wilson
March 22-26, 2010	Statistical mechanics	Schwartz
April 19-23, 2010	Spectroscopy	Cooke
May 10-14, 2010	Kinetics and some general pchem*	P. Marshall*

** Last exam topic and examiner dependent upon necessity of 9th exam and topic needed.*
